MEANS RACE SUPREMACY

Speaker Suggests That if the Japanese Succeed Anglo Saxons Will Lead the World.

JAPAN WILL LEAD CHINA

America and Great Britain Will Lead All Other Nations to a Condition of Higher Civilization.

Orion, Mich., Aug. 18.—In an address before the Michigan Baptist assembly the Rev. R. S. McArthur has presented a novel interpretation of the possible Japanese victory in the present crisis, as indicating an Anglo-Saxon world supremacy. In regard to the present war, he said:

"If Japan wins it will mark the first step toward Anglo-Saxon supremacy of the world. Japan will lead China, Britain will lead Japan and America will lead Britain. The rest of Europe will follow easily. Look at decadent Portugal, bigoted, poverty stricken Spain, volcanic France, Austria-Hungary, about to disintegrate, and so on. Put them all under the rule of two Anglo-Saxon nations and the world will be for civilization, peace and Christianity. The yellow peril is then the golden opportunity for the world."

PIONEERS AT CASTLE ROCK.

Old Settlers of Cowlitz County Will Hold Reunion.

Kalama, Wash., Aug. 18.—An old settlers' reunion of the pioneers of Cowlitz county will be held Saturday, August 27, at Castle Rock. A most elaborate program has been arranged, including an old-fashioned barbecue, such as they had in the good old days, when whole oxen and sheep were roasted in pits and potatoes and squashes in the ashes.

Congressman W. Francis Cushman and Stephen Judson, democratic candidate for lieutenant-governor, will give addresses, and James Smith and Judge Kalahan, both of Kalama, will tell how the old settlers "took hold" in early days.

WANTS \$200 FROM CHURCH.

Architect Claims His Plans Were Used for Building.

Forest Grove, Ore., Aug. 18.—E. A. Jerome has put in a bill against the builders of the new Congregational church, which is now under construction here, for \$200. Mr. Jerome, who is an architect and a contractor, drew plans for this new church and put in a bid, but the church committee decided his plans were too expensive and let the contract to a Mr. Starrett, who also drew plans. It is now claimed by Jerome that Mr. Starrett is using his floor plans, on which account he asks \$200.

SALMON CATCH OF SOUND.

Pack of Sockeyes Will Aggregate More Than 100,000 Cases.

Bellingham, Wash., Aug. 18.—The sockeye salmon season of Puget Sound has practically closed and it is estimated that 100,700 cases have been packed. In addition the canneries have put up a large quantity of cheaper grades of salmon and will continue canning these varieties, the Japanese-Russian war creating enormous demand for these grades.

SECRETARY SHAW COMING.

Will Address Campaign Meetings at Spokane and Seattle.

Seattle, Aug. 18.—Chairman Palmer, of the republican state central committee, has been notified by telegraph that Secretary of the Treasury Shaw will arrive at Spokane on the morning of August 26, remain there 24 hours, then go to Seattle, arriving here on the night of August 27. Campaign meetings to be addressed by him will be held at each city.

MARK TWAIN CAUGHT.

On one of Mark Twain's later trips down the Mississippi he made the journey incognito in order to gather material for stories about Mississippi pilots, and the following story was told by a man who knew him well, of the way Twain was discovered: "The steamer was hardly under way when through the automatic action of the brain, the author instinctively wandered to the pilot house, and essayed the role of the greenhorn. The pilot loaded him with the kind of river chaff and badinage that must have recalled

the days of his youth more vividly than would have the taste of one of his grandmother's pies, and our author was enjoying it as keenly as if he were at a country circus, stowing away page after page of the most delightful material, and secretly hugging himself with the thought that he was getting a large amount of the most desirable copy from the very source to which he had looked most longingly, and for the acquisition of which he had been racking his brain in an effort to decide as to the best method of procedure. At the moment when he decided on beating a retreat, in order that his stenographer might take down the interview while it was fresh in his mind, the pilot left the wheel, and, turning to Mr. Clemens, calling him by name, said: 'Here, you take her and lie awhile—you're handier at it than I am. Trying to play yourself for a stranger and an innocent! Why, I knew you before you had spoken seven words, and I made up my mind to find out what was your little game. It was to draw me out. Well, I let you, didn't I? Now, take the wheel and finish the watch, and next time play fair and you won't have to work your passage.' The results of this trip were incorporated in the second half of "Life on the Mississippi."

MARKET LEAK FOUND.

Telegraph Operator Caught Stealing Quotations.

New York, Aug. 18.—An agent of the Chicago Board of Trade has stopped a leak in the grain market quotations service in this city and caused the arrest of a telegraph operator who was accused of supplying the service to bucket shops in Boston and Albany. The police raid caused by the Chicagoan created much interest on Upper Broadway, where it occurred.

For several months agents of the Chicago Board of Trade have been searching for the source from which several large bucket shops in nearby cities were procuring quotations claimed by the board as the exclusive property of its members. Suspicion finally alighted on a room joining the uptown branch of a consolidated stock exchange firm, which is also a member of the Chicago board. Investigation showed that a small hole had been cut over a door which was sealed. Through this hole the quotations on the blackboard in the brokerage office were plainly visible.

Having procured a key to the room the detective with several policemen burst in during exchange hours. They found an operator sitting on a chair placed upon a table. With his eye to the aperture over the door and one hand on a telegraph key he was sending out the quotations as fast as they appeared on the blackboard. Three or four leased wires and a telephone were found. The brokerage office was at once discontinued to prevent further leakage.

Magistrate Ommen, after hearing the story of the raid, dismissed the charge made against the operator.

PRESIDENT SIX YEARS.

National Federal League Would Amend the Constitution.

Chicago, Aug. 18.—The National Business League is pushing its movement to amend the federal constitution so as to lengthen the presidential term to six years and making the president ineligible for re-election. The reason urged by the league for the change is the constant danger of business depression following the presidential election.

Indorsements of the plan have been received from business men and organizations throughout the country. Among those favoring the plan are the Natchez (Miss.) Cotton and Merchants' Exchange, the Portland (Ore.) Chamber of Commerce, Governor A. J. Montague of Virginia and Governor John A. McCullough of Vermont.

Cruisers at Vladivostok.

St. Petersburg, Aug. 18, 11:30 a. m.—It is learned from official sources by the Associated Press that the cruisers Gromobol and Rossia have reached Vladivostok after the battle with Admiral Priu's squadron off Tsu island. Both ships were considerably damaged. In addition to the loss of the cruiser Gurik, two officers were killed. There is no confirmation of the report that the cruisers Pallada and Diana have reached Vladivostok and the admiralty had no news this morning bearing on the whereabouts of the other vessels of the late Rear-Admiral Withoff's squadron.

THE REAL TEST

Of Herpicide is in Giving it a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair? No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use." It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Eagle Drug Store Owl Drug Store 351-353 Bond St. 549 Com. St. Astoria, Oregon. T. F. LAURIN, Proprietor.
